PROFILE

Design leader with 20+ years turning complex briefs into clear, high-impact digital products — from Condé Nast's global media brands to independent ventures in data visualization and e-commerce. Skilled at building design capability from zero, leading multidisciplinary teams under pressure, and translating business strategy into visual systems that perform.

PROFESSIONAL EXPERIENCE

Independent Design Consultant

MAR 2026 — PRESENT

Freelance · Madrid

- Leading UX/UI design and web development for IBMOT, a Mallorca-based motorcycle business, unifying sales, rental, workshop and touring routes into a single digital ecosystem (ibmotexperience.com) — in creative partnership with art director & photographer Javier Garceche.
- Conceived, designed and shipped an independent data-visualization project mapping four decades of political corruption in Spain, inspired by Minard's 1869 *Carte Figurative* and Tufte's data-ink principles.
